

# Connect People. Change the World.

The San Diego Diplomacy Council builds bridges between San Diego and the world. For almost five decades, we have advanced cross-border understanding by convening influential voices, sparking meaningful dialogue, and cultivating innovation that transcends boundaries. Our curated programs foster international collaboration, provide critical insight into world affairs, prepare the next generation of leaders, and elevate the ideas of San Diego's changemakers to the global stage. This impact is made possible by the vision, generosity, and forward-looking engagement of our community. We are deeply grateful for your partnership and support as we continue to shape a more connected and prosperous future.
